AMHERST COUNTY PUBLIC SCHOOLS NOTIFIES COMMUNITY OF POSITIVE COVID-19 CASE

AMHERST, VA November 23, 2020

In an attempt to keep our community informed, Amherst County Public Schools is notifying parents and guardians that two individuals with Amherst County Public Schools have been diagnosed with COVID-19.

- An individual at Amelon Elementary School, Amelon Elementary School will remain **open** at this time.
- An individual with Amherst County High School, Amherst County High School will remain **open** at this time.

ACPS protocol states that anyone identified as having been potentially exposed will be contacted by Central Virginia Health Department and/or Amherst County Public Schools. All who have been contacted are asked to stay home and monitor for symptoms of cough, shortness of breath, or a temperature higher than 100.4°F, and practice social distancing for 14 days from your last contact.

If you have not been directly contacted by the health department or Amherst County Public Schools, you have not been identified as a potential exposure and do not need to stay home or exclude yourself from activities at this time.

Amherst County Public Schools remains committed to implementing all health mitigation strategies and encourages all parents and staff to continue to monitor their health and the health of their families for COVID-19 symptoms.
